Auckland Funeral Services

ABOUT US

Every family is different and a funeral should reflect the uniqueness of the life being celebrated. Therefore, our offering is not 'one size fits all'. We believe tradition is important, but it should not tie us down to the way things have always been done and leave us stuck in the past. Where tradition has value in the life of a family, it should be honoured. Where faith is central, it should be observed. Hibiscus Funeral Services provides an end-to-end service for you and your family. We will take care of everything to do with your loved-one's passing, their funeral, burial or cremation; and everything in between. If you want a simple, casual funeral with minimal cost and fuss, we can facilitate that. If you would like a tribute befitting a royal, with pomp and ceremony, parades and a 21 gun salute, we can arrange that as well. Our mission is to make the toughest time in your life just a little bit easier. We will take care of your loved-one, and provide you with exceptional service and an attention to detail coming from over 20 years of caring for people and their families.

Package Includes:

- **Transportation Of The Deceased**
Within the greater Auckland area.
- **Body-Care**
Preparation and dressing the deceased.
- **Casket**
We have a full range of caskets available and you are able to select from our standard range at no additional cost, or you can upgrade if there is something specific you would like.
- **Burial Fee**
Our fee covers the interment fees for most of the cemeteries in the Auckland area. There are a few exceptions and certain cemeteries may incur additional fees. The burial fee does not include the cost of purchasing a plot.
